## Miss Mabel Tanner is Crowned Carrier Mills Homecoming Queen

The 1956 Homecoming at Carrier Mills Community high school came to a close Saturday with a jam-packed program that included a parade, basketball games, class reunions, dance and coronation ceremonies.

The Homecoming program started Thursday with the presentation of the Junior class play, "Me and My Shadow," and Friday evening the bonfire, pep rally and snake dance was held. This was all a buildup to the big Saturday program.

The climax was reached shortly after 11 p. m. Saturday with the coronation of the Homecoming Queen, Miss Mabel Tanner, daughter of Mrs. Blanche Tanner, was crowned Queen by Miss Phoebe Holmes, president of the Student Council.

Members of the Royal Court marched to the stage in the gymnasium, which had been beautifully decorated for the coronation ceremonies, to appropriate music by Ted Paschedag's band, which also played for the dance.

Members of the court were Joyce Absher, freshman attendant, and her escort, Larry Van Hoy; Joan Dunn, sophomore attendant, and her escort, Bill Nolan; Susan Richards, junior attendant, and her escort, Larry Edwards;

Delice Blake was senior attendant, escorted by Jack Cowger; Mary Holmes was maid of honor, escorted by Phillip Richerson; Jean Ritter was lady in waiting and escorted by Jack Dorris.

Little Miss Kay Murrow was crown bearer and Jim Ozment was master of ceremonies. Queen Mabel was escorted by Harold Casey.

The Saturday afternoon parade, starting promptly on schedule at 2 o'clock, was led by the two fire trucks, and immediately back of the trucks was the band. Then came a group of baton twirlers and the cheer leaders.

The Queen candidates and class attendants rode in open convertibles and then came school and alumni floats and cars.

### Auto Plunges Into Ditch at Wasson

An auto headed from Zion, Ill., to Memphis, Tenn., because of a fatal accident was halted at Wasson Sunday night because of a crash.

The car was driven by a man named Mills. Along with him were his wife, a woman whose husband had been killed at Memphis the night before, and her one-month-old baby.

Mills told State Policeman Roy A. Lane and Arthur Atthmer that he was crowded off Route 45 at the Wasson crossing by a car which did not stop. The Mills car plunged into a ditch but nobody was hurt.

## Many Attend Open House at New Junior High

Approximately 500 adult patrons of the Harrisburg City schools and out-of-town school officials attended the open house sessions at the new Junior high school Saturday evening and Sunday afternoon.

Visitors were escorted by students through the newly reconstructed south building and the north building which was completed late in 1954, but had not been open to the public, due to the fire which practically demolished the old south section on January 1, 1955.

Visitors were complimentary of the manner in which the old section had been rebuilt to appear new, and the auditorium especially attracted attention.

Comparison of the facilities of the new buildings with those used when adult visitors were school children was one of the topics of conversation, and a group of old band pictures attracted much attention.

Students directed visitors through the building, with teachers being stationed in their various rooms. School officials and contractors on the new project attended.

Refreshments were served in the cafeteria as a courtesy to the visitors and to demonstrate the facilities there.

A formal dedication of the two buildings will be held at a later date.

## Eldorado Phones Convert to Dials Tonight

The General Telephone Co. of Illinois will convert its Eldorado exchange to the dial system at ten o'clock tonight, District Manager Millard Lynch reported today.

Today the old numbers are being given to the operators, but at ten o'clock, when the cutover is made, new numbers will be in use. The Eldorado numbers will have the exchange prefix BRidge before them.

Thus, if somebody from Harrisburg desires to call an Eldorado number, they will not ask for county as in the past but will ask for the Eldorado number and the local operator will dial it from the Harrisburg exchange office.

An example, to call the Eldorado city clerk the local person would ask for BRIDGE 3-6566. A special directory carrying only Eldorado, Ridgway and Shawneetown numbers has been prepared and distributed. Harrisburg patrons received this book.

When Harrisburg gets its dial system, the users will dial the Eldorado exchange, dialing BR and the number that follows. Eldorado users, in dialing an Eldorado number, will not have to dial the BR.

After more than a year of work in changing telephones, and adding poles and lines, the Eldorado dial system will go into operation with 2,150 dial phones in the city and surrounding rural area.

The dial system in Harrisburg is expected to get into operation next fall.

## Uphold High Ideals for Peace, Dennis Urges in Veterans Day Talk

Atty. Trafton Dennis, county judge and war veteran, yesterday told a handful of persons gathered for the Veterans Day observance on the south side of the court house that only when we fight for the preservation of the highest ideals of mankind, without economic factors entering into the picture, will there be an everlasting peace.

Judge Dennis, in urging this nation and other nations to uphold these high ideals, said that the United States and its allies must have a mutual alliance for prescribing peace among nations as well as an alliance for protection.

In mentioning the small number on hand for the 10:30 to 11 a. m. program, he said that perhaps the scarcity of the crowd "is because people have given up hope" that these ever will be peace on earth. He also pointed out that since the last Veterans Day observance a year ago, the last Civil War veteran has passed on.

"Our hope now is that when the last war veteran alive today passes on, there shall be no necessity of having a Veterans Day in this nation, because if this happens, we can say that this nation has lived solely in peace."

Willard Fulkerson, commander of the American Legion post, presided during the program, sponsored by the posts of the Veterans of Foreign Wars and the Legion.

The Rev. Thomas Bruns of St. Mary's Catholic church delivered both the invocation and the benediction.

Following the benediction there was the Salute by a firing squad.

The body lies in state at the Gas-kins funeral chapel.

Preceding her in death were two brothers, S. J. and Willie Naugle and one sister, Mrs. Effie Rayborn.

### Four Runs to Grass Blazes by Fire Department

Yesterday's strong winds sent the fire department on four runs to grass fires which destroyed one building and threatened other property.

Destroyed was the coal house at the home of Sam Cole, 620 West Poplar, where the fire department went at 2:20 p. m.

A short time later, at 2:45 p. m., both trucks went to the 700 block of South Lane street to extinguish a field fire. Some out-buildings already had ignited but firemen extinguished the blazes before any great damage was done.

At 9:30 a. m. the fire department went to the Carl Stanley home in Garden Heights where a weed fire was threatening a barn and at 10:45 a. m. made a run to the G. G. Mugge farm at Liberty, where a burning field threatened a lespedeza crop. There was some damage to the lespedeza.

## Britain, France May Reject Nasser's Terms

Hammerskjold to Fly to Rome to Meet with Burns

LONDON (AP)—Britain and France hinted today they would reject Egyptian President Gamal Abdel Nasser's terms for establishing a United Nations police force in Egypt.

New snags, both diplomatic and mechanical, arose to plague U. N. peace efforts in the Middle East even as U. N. Secretary General Dag Hammerskjold prepared to fly to Rome, Naples and Cairo on his most delicate mission. The secretary planned to leave his U. N. headquarters at 5 p. m. to meet U. N. police force commander Maj. Gen. E. L. M. Burns in Rome.

Units of the U. N. police army trickled slowly into the Naples staging area. One group of 312 Danish soldiers was being airlifted from Copenhagen today and about 35 Canadians also were en route by air. In Naples already were 165 Danes, Norwegians and Colombians.

May Reject Nasser's Terms

The first units had been expected to fly to Cairo today. Later it was announced there would be a delay and that they "may" leave Naples Wednesday. The delay was said to be the result of a last minute decision to take the troops to an airport in the Suez Canal Zone, "probably near Ismailia" instead of to Cairo.

The possibility the French and British may reject Nasser's terms for the police army which would replace their own forces in the canal zone was seen in both London and Paris.

French Foreign Minister Christian Pineau said the joint forces would "remain in the canal zone until we are relieved exactly by an international police at every essential point."

London sources said Britain could not accept any "watering down" of the U. N. resolution setting up the police force.

Both said a major role of the U. N. force should be to insure freedom of navigation through the canal.

Both were disturbed at the terms of the agreement announced Monday night in Cairo between Nasser and Hammerskjold.

Russ Threat Worries Britain

The agreement gave Egypt the right to order the police army out at any time and to say where its units will be located. It also stipulated that the U. N. forces will withdraw from the canal zone as soon as the Anglo-French forces leave and take up positions along the Egyptian-Israeli demarcation line.

In the British House of Commons, Colonial Secretary Alan Lennox-Boyd said Britain is "deeply disturbed" by the Soviet threat to send "private armies" of "volunteers" into Egypt. He described it as a "favorite Communist method of pursuing hostilities," and cited the previous cases of Korea and the Greek civil war.

## Thanking It Over

By Robert L. Dieffenbacher, D.D.  
(Written for NEA Service)

Forever is a long time. Every-  
thing is forever in the terms of  
God and His everlasting plan. Yet  
in the ways of man nothing is per-  
manent. All earthly things can be  
destroyed.

Man has learned much about  
the physical universe and about  
the human mind. He has learned  
to use the materials of nature for  
his own benefit. He has learned  
about uses of materials and ideas  
which may result in his own de-  
struction.

In the eternal process of timing  
nothing is destroyed. Everything  
remains constant in the balance  
of the universe. Even the atom  
which man breaks down is balanced  
in eternity and will be retained  
in some form of matter or energy.  
Our great need is to maintain  
a human balance of spiritual and  
material values which will be of  
benefit to man in his portion of  
the span of eternity. The study  
of material things will be of less  
long-range benefit than the study  
of spiritual realities.

A knowledge of eternity is only  
understandable with prayer.

## The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON says:  
Washington was panic-stricken  
over Russian threat of  
force; U. S. vessels put out  
to sea to avoid another  
Pearl Harbor; Russians had  
mobilized 150 divisions.

WASHINGTON. — Here is the  
inside story of the greatest war  
scare Washington has witnessed  
since Pearl Harbor. It took place  
early last week following receipt  
of a blunt warning from Russia  
threatening to use force against  
England and France if they did  
not get out of Suez. This caused  
the following chain reaction:

1. All U. S. atomic bomber  
units were put on the alert.
2. Warships were dispersed so  
as not to be targets for another  
Pearl Harbor.
3. Amphibian training maneu-  
vers off the southern Atlantic coast  
were canceled and the airplane  
carriers Forrestal, Saratoga, and  
other key ships were prepared for  
action.
4. An emergency meeting called  
at the White House worked  
late into Monday night trying to  
decide whether Russia was serious  
about its threat to use force, in-  
cluding rockets, against England,  
to halt war in the Near East.

Acting Secretary of State Her-  
bert Hoover was the most worried  
of all. He had reports that 150  
out of 300 Russian divisions were  
on the ready alert that the bor-  
ders of Poland had been sealed,  
that Russian troops were on the  
Iranian border, that four new Red  
Army divisions had poured into  
Hungary, making a total of 100,000  
Russian troops in that little coun-  
try.

Extra troops were necessary  
because Red Army units already  
inside Hungary had refused to  
fire on Hungarian rebels. First  
the Kremlin pulled four divisions  
out of Rumania to enter Hungary,  
but when rebellion smoldered in  
Rumania, they were rushed back,  
and four new divisions were sent  
direct from Russia.

### AMERICAN JITTERS

American intelligence also re-  
ported that the Red Army in  
Hungary was under the personal  
command of President Eisenhow-  
er's wartime friend, Marshal Zhu-  
kov, though he was under orders  
from the Kremlin. Those in con-  
trol in the Kremlin appeared to  
be Anastas Mikoyan and a new  
figure, Mikhail Suslov, a member  
of the Soviet Presidium.

British intelligence also re-  
ported that they had destroyed a  
large number of Russian MIG's  
recently arrived in Egypt. One  
British report put the number at  
35, another at 48. The British al-  
so reported they had sighted some  
Soviet Bisons on Oct. 30, flying  
over Egypt. This is the huge new  
Russian jet bomber, equivalent to  
our B-52.

All this sent the jitters through  
top American leaders. Fears  
were expressed that, with the  
British and French busy at Suez,  
their home territory, virtually un-  
defended, might be attacked.

At the emergency White House  
meeting, however, Allan Dulles,  
head of central intelligence and  
younger brother of John Foster,

calmed official fears. He report-  
ed that Russian policies in the sat-  
ellite countries had backfired so  
disastrously that the Kremlin was  
trying to save face by waving the  
big stick in other areas. He ar-  
gued, however, that Red Army  
leaders were too realistic to start  
an atomic war.

### FRENCH WOULD HANG NASSER

Other calming fa ors were also  
noted. It was found that the text  
of the Russian ultimatum to Eng-  
land and France was not as tough  
as the version aired over the Mos-  
cow radio. Assurances were also  
given by the Kremlin to U. S. dip-  
lomats in Moscow that Krushchev  
and Bulganin were still in control  
and that their conciliatory anti-  
Stalin policies toward the West  
had not changed. Suslov also  
made a speech which, though  
rough on Hungary and the Near  
East, was considered moderate as  
far as the West was concerned.

While some of these factors,  
plus the calming words of Allan  
Dulles, eased the tense atmos-  
phere of the White House emer-  
gency meeting, Dulles agreed that  
it would be safe if the British  
and French arranged a cease-  
fire.

Accordingly urgent messages  
were rushed to Prime Minister  
Eden and Premier Mollet warning  
that threat of western civiliza-  
tion might rest upon their agree-  
ment to an immediate cease-fire.

French reaction was negative.  
Mollet wasn't at all worried by the  
Russian threat. He branded it a  
big bluff. He was bitterly opposed  
to any calling off of the Egyptian  
war and wanted to march into  
Cairo and hang Colonel Nasser to  
a lamppost. Finally, however,  
he agreed to a cease-fire.

What worried Eden was that  
most of Britain's army, navy, and  
air force were in the Mediterran-  
ean, leaving the British Isles al-  
most defenseless. Eden was fret-  
ting over what he should do when  
the message from Washington ar-  
rived. He immediately decided  
to call off the Egyptian war be-  
fore the Russians were further  
tempted.

Most of the above events occur-  
red either just before or on elec-  
tion day. Since then the Joint  
Chiefs of Staff have been meeting  
in Washington twice a day in or-  
der to evaluate the situation and  
keep the President informed.

Maybe high officials panicked  
too easily. But unquestionably  
Washington went through one of  
the most fantastic and alarming  
weeks in many years.

Note—Japan has warned that  
Red China may suddenly attack  
Hong Kong while British forces  
are tied up in the Near East. The  
Peiping radio has been broadcast-  
ing daily warnings that grave de-  
velopments can be expected in the  
Far East. Red Chinese troops  
are reported maneuvering around  
the British crown colony.

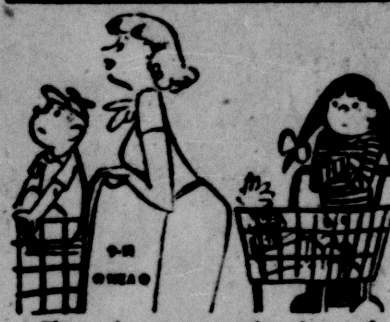

### DIPLOMATIC NOTES

Shortly after the British threat  
to invade the Suez, Eisenhower  
phoned Churchill and pleaded with  
his old wartime friend to stop  
Prime Minister Eden. Churchill

however, turned him down. He  
told the President that American  
appeasement of Dictator Nasser  
had been a great mistake and he  
would not interfere with Eden.  
However, Churchill explained that  
the British had not acted behind  
America's back. . . . The Red  
Army is reported almost hoping  
Polish anti-Communists will fol-  
low the lead of the Hungarians  
and start a revolution. Marshal  
Rokossovsky has vowed he will  
crush any rebellion with a ruth-  
lessness that would make the Rus-  
sian action against Hungary look  
like a Sunday picnic along the Vol-  
ga. Three new Russian divisions  
from East Germany already have  
reinforced the Red Army in Pol-  
and. They are battle-ready and  
anxious to move. . . . Dictator Nas-  
ser has been recruiting German  
soldiers from Hitler's famed  
Afrika Korps. He hopes to form  
an Egyptian Foreign Legion of  
both ex-Nazi and Communist vol-  
unteers.

## Family Helps Mother Learn How to Park

COLUMBUS, O.—(UP)—Patrol-  
man William Braucher could hard-  
ly believe his eyes as he drove to  
work.

He saw a woman using her two  
sons as markers to indicate the  
space in which persons taking a  
test for a driver's license must  
park.

The boys were standing six feet  
out from the curb, 22 feet apart,  
and their mother was attempting

## Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—

Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the  
first time science has found a new  
healing substance with the astonish-  
ing ability to shrink hemorrhoids  
and to relieve pain—without surgery.  
In case after case, while gently  
relieving pain, actual reduction  
(shrinkage) took place.  
Most amazing of all—results were  
so thorough that sufferers made  
astounding statements like "Piles  
have ceased to be a problem!"  
The secret is a new healing sub-  
stance (Bio-Dyne®)—discovery of a  
world-famous research institute.  
This substance is now available in

Texas Eastern aids the ancient art  
of the silversmith

TEXAS EASTERN SERVES THE COMPANIES THAT SERVE YOU  
The natural gas used by The Gorham Company  
is supplied by Providence Gas Company through  
Algonquin Gas Transmission Company, a cus-  
tomer of Texas Eastern. Every type of fine silver,  
including flat ware and hollow ware, is manu-  
factured by The Gorham Company.

Natural gas transported from the Southwest by Texas Eastern  
pipelines is a valued tool at The Gorham Company in  
Providence, Rhode Island—silversmiths since 1831. Here  
skilled artisans deftly manipulate precious metals into eternally  
beautiful flat ware and hollow ware. Gorham finds natural  
gas the ideal fuel because its temperature is readily controlled  
... its atmosphere can be exactly regulated ... and most impor-  
tant, gas burns cleanly, protecting precious silverwork from  
harsh burnishing that would be necessary if other fuels were  
used. Today thousands of homes and industries depend upon  
natural gas... the modern fuel which Texas Eastern makes  
abundantly available.

And you will agree that the rewarding flavor and fragrance you discover in Folger's is the finest you have ever enjoyed. Distinctively rich. Unusually tangy. Unmistakably Folger's—the Mountain-Grown coffee!

So much richer in flavor that you are urged to use 1/4 less than with lesser flavored brands.

## Gruenther to Head Red Cross

WASHINGTON (AP)—Gen. Alfred M. Gruenther, close friend of President Eisenhower and supreme allied commander in Europe, will become president of the American Red Cross after his retirement from the Army Dec. 31.

Gruenther's selection was announced at the White House Monday. He will succeed Ellsworth Bunker, who has been Red Cross president for the past three years.

A Red Cross spokesman said he assumed Gruenther, 57, would be paid "about" the same salary as Bunker — \$30,000 a year. In addition, Gruenther will draw \$9,687 in Army retirement pay.

## Hungarian Issue Voted to UN Agenda; Satellites Threatened

UNITED NATIONS, N. Y. (AP)—Russia issued a thinly veiled threat today to its satellites not to attempt a repetition of the Hungarian revolt.

Soviet Deputy Foreign Minister Vasily Kuznetsov, fighting to block another United Nations General Assembly discussion of Russia's repression of the nationalist revolution in Hungary, told the U. N. Steering Committee the Russian army "self-sacrificially" carried out the terms of the Kremlin's treaty with Hungary.

"Peoples devoted to the high ideals of the U. N.," Kuznetsov said "will surely draw appropriate lesson from the Hungarian event so that in the future, counter-revolutionary forces should not be able to stage such bloodthirsty orgies as occurred in Hungary."

Despite Kuznetsov's opposition, the 15-member committee put the Hungarian issue on the assembly's agenda by an 11-3 vote with Egypt abstaining. Czechoslovakia and Russia voted against it.

The Steering Committee, without dissent, put on the assembly's agenda the critical Middle East situation "as a matter of priority" for debate at any time, and then turned to the Hungarian issue.

Kuznetsov, by a 6-5 vote with 3 abstentions, lost a bid for a seat for Hungary in the committee's debate.

The emergency session recommended an on-the-spot U. N. investigation and a program of humanitarian assistance to Hungarian refugees with food and medical shipments into the country.

The opening day of the assembly's regular 1956 session Monday was quiet compared with what has gone by in the last two weeks.

The assembly unanimously elected Prince Wan Waihayakon of Thailand as its president and admitted to membership Morocco, Sudan and Tunisia. The new admissions brought the U. N. roll to 79 nations.

The court's unanimous action was a legal victory for Negroes who have conducted an 11-month boycott of segregated buses in Montgomery, Ala.

The high tribunal's action was in the form of a brief order affirming a decision handed down last June 5 by a special three-judge federal court in Montgomery. The lower court had ruled that both city and state laws requiring segregated seating on buses were unconstitutional.

In upholding this judgment, the Supreme Court cited its own famous decision of 1954 outlawing racial segregation in public schools.

Eight states besides Alabama now have laws requiring bus segregation. They are Georgia, Florida, Arkansas, Louisiana, Mississippi, Oklahoma, Tennessee and Texas.

Two other daughters and three sons survive.

Rev. Freddie Neibel of Ozark conducted the services today at 1:30 p. m. at the Stonefort Baptist church. Interment was in the Bolden cemetery. The Thornton funeral service of Stonefort was in charge.

Herbert Edmondson

Dies at Shawneetown

Herbert Edmondson, 52, died at his home in Shawneetown Sunday afternoon.

Services were held today at 2 p. m. at the Wright funeral home in Shawneetown. Rev. Rowland Westervelt, local Presbyterian minister, officiated and burial was in the Westwood cemetery.

Too Enthusiastic

Draco, the Athenian lawgiver, is said to have met his death in a theater in Aegina, when he was accidentally smothered by clothing and caps thrown on him by an over-enthusiastic crowd.

## Long-Term Policy Needed By U. S., Johnson Says

WASHINGTON (AP)—Senate Democratic Leader Lyndon B. Johnson (D-Tex.) said today the United States apparently is "still searching for a long-term policy" in the troubled Middle East.

"We will not be able to breathe easily until it is found," he said at a news conference.

In the meantime, Johnson said, "the current plans for handling the Suez crisis through the United Nations appear to be about the only method available. The real question is, where do we go from here?"

Johnson talked with reporters a few hours before taking off for Paris to attend the parliamentary conference of the North Atlantic Treaty Organization as one of several Senate delegates. He visited Secretary of State John Foster Dulles at Walter Reed Army hospital shortly before leaving.

Johnson told newsmen "it is no secret to anyone that the NATO alliance, which is the keystone of our foreign policy, has been severely strained by recent developments."

But he continued, "NATO remains the best method by which the free nations of the North Atlantic community can unite for their common defense while maintaining their independence. We hope that the Paris conference can strengthen our mutual defense system."

Earlier, some other Democratic senators warned in effect that if the Eisenhower administration wants continuation of bipartisan foreign policy it may have to work harder to earn it.

They called with Johnson for more long-range planning to avoid such situations as the Middle East crisis. And some remained openly critical of past administration policies.

James H. Barnes Dies at Age of 90

James H. Barnes, 90, of 421 West Church street, died at 11:30 a. m. today at Lightner hospital. He had been seriously ill for the past month. He was a retired farmer.

Mr. Barnes was the son of the late Hosea and Julia Barnes, and was born in Saline county on Mar. 22, 1866. His wife, Mary, preceded him in death in 1900.

He is survived by one daughter, Mrs. Blanche Chambers, with whom he made his home. A son, Richard Barnes, died in 1952. He also is survived by three grandchildren and eight great-grandchildren.

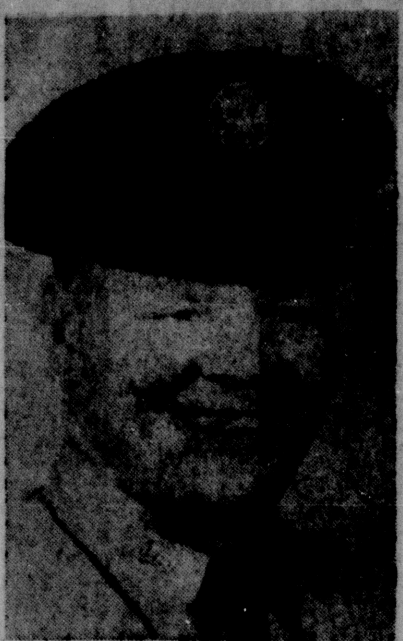

The body is at the Gaskins funeral home. Funeral arrangements are incomplete.

Olney Youth Killed When Auto Hits Bike

OLNEY, Ill. (AP)—A 17-year-old Olney youth was killed Monday when the bicycle he was riding was struck by an automobile on Ill. 130 near here.

Authorities said a car driven by Neil Jorgenson, 21, Noble, Ill., was passing a truck when it struck the bike. The victim, Gary Harmon, died shortly after the accident at a hospital here.

E. J. Thompson To Receive Pin At IAA Meeting

CHICAGO (AP)—Delegates opened the 42nd annual meeting of the Illinois Agricultural Ass'n today with about 5,000 farmers and their wives expected to attend part or all of the convention.

IAA president, Otis Steffey, called for emphasis on reduction of large farm crop surpluses that "depress prices."

"If we can get supplies in line with demand, prices in the market will take care of themselves," Steffey said.

The 534 delegates from 99 county farm bureaus hold the voting power and will make decisions Thursday on policy-making resolutions presented to guide 1957 IAA activities.

Diamond pins will be received Wednesday by four vocational agricultural teachers and one county farm adviser for 25 years of service.

To be honored were R. D. Briggs, Dakota; Gilbert D. Clem, Gurnee; Burl Hocking, Robinson, and Edwin J. Thompson, Harrisburg, the four teachers, and county adviser Edgar S. Amrine, Waterloo.

\$2 Million Fire At Paducah Plant

Fire at the Atomic Energy Commission plant near Paducah early Sunday caused damage estimated at more than two million dollars to one of the plant's smaller buildings.

K. C. Brooks, the AEC's Paducah area manager, says the gaseous diffusion plant, located 16 miles west of Paducah, has nothing to do with the manufacture or assembly of atomic weapons.

It is a facility operated by Union Carbide Nuclear Co. for separating uranium 235 isotope from uranium by the gaseous diffusion method. U235 is a fissionable material which can be used in weapons or atomic reactors.

Operations of the plant will continue without interruption as none of the main process buildings was damaged.

Nehru, Eisenhower Meet Next Month

WASHINGTON (AP)—Indian Ambassador G. L. Mehta said at the White House today that President Eisenhower and Prime Minister Jawaharlal Nehru of India will meet in this country "probably before the end of the year."

Mehta discussed the forthcoming meeting with President Eisenhower in a brief White House call.

Nehru originally was scheduled to visit Mr. Eisenhower last July but the meeting had to be postponed because of the President's ill health.

Mehta told newsmen that a definite date and place for the meeting has not yet been decided.

## U. S. to Agree To Big 3 Parley, But Not Soon

WASHINGTON (AP)—The United States is almost certain to agree to a Big Three meeting with Britain and France on critical world problems, but not in the immediate future, informed sources said today.

They declined to predict when a conference of President Eisenhower, British Prime Minister Anthony Eden and French Premier Guy Mollet might be scheduled. Consideration of a parley has been under way for some days.

Reports from Paris said Mr. Eisenhower has agreed in principle to another Big Three meeting, probably in Washington.

No Plans For Meeting

But White House spokesman Murray Snyder said Monday that there are no plans for such a meeting "at this moment." He stated did not rule out a conference in the coming months.

Officials said a Big Three session is certain too be held if the British and French want it strongly.

There are two chief reasons the United States is not rushing into the proposed top-level round of discussions on world problems:

It wants to concentrate its main efforts for achieving peace in the critical Middle East in the United Nations.

Also, the United States, as the only Big Three power which did not get involved in the Middle East fighting, is reluctant to sit down quickly with two of the belligerents. If it did, some other nations might suspect that the United States really had supported the British and French in their military stab into the Suez Canal Zone.

Boy, 15, Fatally Wounded in Goose Hunting Pit

CAPE GIRARDEAU, Mo. (AP)—A 15-year-old youngster was fatally wounded in a hunting pit after he had been calling geese.

Kenneth Percord, Miller City, Ill., accidentally wandered into the line of fire of three men, one of whom was his father, after calling a flock of geese Sunday. He died here Monday.

Big, wide, bulky cars like this are typical of American design. But, to get room inside, they are too big outside for today's traffic, too wasteful of gasoline.

**Normal Trips Southern, 27-13**

CARBONDALE, Ill. — Scoring in every quarter, the Illinois Normal Redbirds tripped Southern Illinois University, 27-13, before an estimated 4,500 fans here Saturday afternoon.

After trailing, 7-0, early in the game, Southern came back to score twice and take a 13-7 lead, but a 95-yard kickoff return by Normal's left halfback Darrell Spang tied the score at 13-13 at the half and gave Normal the life they needed for its second-half spurt.

Three lost fumbles plus three intercepted passes stopped several SIU scoring thrusts. The game was less than five minutes old when Southern fumbled and lost the ball on an Illinois Normal punt, the Redbirds recovering on the SIU 11.

In statistics, SIU outrushed Normal, 156-137, but the Redbirds led in passing, 83-42. Southern completed 3 of 9 passes, while Normal connected on 8 of 19.

SIU's first-string fullback, Richard White, St. Louis, was injured early in the first quarter and did not return to the lineup. Southern's defensive standout was left end Marion Rushing, Pinckneyville, who broke through many times for key tackles.

**Carrier Mills Tops Vienna in Cage Opener**

**Wildcats Win, 63-50, Before Homecoming Crowd**

The Carrier Mills Wildcats opened their 1956-57 basketball season Saturday night before a large homecoming crowd and sent the fans home happy by taping a 63-50 decision from Vienna.

Although shooting "cold" the first half, Carrier Mills stayed in front by playing a fine defensive game, doing a great job of ball hawking and controlling the rebounds at both ends of the court.

Coffield and Rollins were particularly effective in the rebounding department and received adequate help from their teammates to keep the Vienna offense well bottled up.

In the third quarter the Wildcat shooting perked up and CM began to roll, pulling away from a close 26-21 advantage at halftime to a quick 34-23 lead and at the three quarter mark the 'Cats were enjoying a 46-34 advantage.

The team displayed a well balanced scoring, with the starting five all in the point making column, four in double figures. Rollins was tops with 16, Fitts had 15, Cowger, who broke the scoring ice early with a lay-up shot, had 14, Coffield 10 and Rouse 8.

Yandell paced Vienna with 18 points.

The preliminary game was also won by Carrier Mills, 63-49. Scoring for the Kittens were Bill Smith 17, Bob Mitchell 11, Gary Taborn 12, Bill Nolen 2, Junior Manier 13, Charles Smith 4, "Chuck" Reeder 2, Raydene Davis 2, and "Chuck" Williams and Mike O'Keefe failed to tally.

Friday night Carrier Mills traveled to Rosiclare and Saturday night will be at home to Shawneetown.

**Bull Dogs Bow to Benton, 12-0**  
**Locals Play Fine Defensive Game in Season's Grid Final**

The Harrisburg Bull Dogs, although playing a magnificent defensive game, ended the football season at Taylor Field Saturday night by bowing to a powerful Benton aggregation, 12 to 0.

Local fans apparently had remained away in droves to escape seeing what they thought would be a slaughter. However, the few who turned out expressed great admiration for the spirit and fight of the local aggregation.

The Bull Dogs showed no offense except about midway in the first quarter when they started on the H-44 and moved in eight plays for 41 yards to the B-15, where they could go no farther.

A short kickoff to the H-49 following the first Benton tally, a 10-yard run by Zeigler and a 15-yard penalty against Benton put the ball on the B-25 as the half ended.

**Line Charges Hard**

But what they lacked on offense they made up on defense as the line charged hard throughout the game and the entire team put on a near-perfect exhibition of how to tackle.

The guards and tackles did an exceptionally good job of charging and tackling and the ends did a fine job of containing the powerful Ranger rushes. Making lots of tackles were Gary Aldridge and Lou Williams.

Benton was a strong team and the fullback, Don Mace, was as

fine a runner as had been on Taylor Field all year.

Benton scored its first touchdown with only 30 seconds left in the first half. Pete Ross went over from the eight after Mace had carried for eight yards and twice for six to set up the tally. Bob Clark knocked down a pass that was thrown for extra point.

Second tally came with four minutes in the game. Benton started a drive from the H-45 and with Mace making the big run, for 21 yards, drove the 45 yards to score with Mace going over from the one. Ross' plunge for extra point fell short.

**Biggs Injured**

Don Biggs, Bull Dog halfback who did some nice running the first quarter, was injured and did not play the last half.

Coach Lawrence Caluffetti, with only eight subs on the bench, used but 14 men in the game. The three men who saw lots of action were Eddie Price and Jack Simpson, always used on defense, and Bob Clark, who relieved in the backfield.

Starters were Bill Yates and Bud Logan at ends, Ronnie Vick and Ray Hassett at tackles, Lou Williams and Gary Aldridge at guards, Allen Buchanan at center, Jim Cummins at quarterback, Don Biggs and Mickey Stone at halfbacks and John Zeigler at fullback. Vick, Williams, Cummins and Zeigler were playing their last game as Bull Dogs.

Coach Ralph Davison started Cockrum and Spillman at ends, Hewlett and Blake at tackles, Rice and McDonald at guards, Simpson at center, Rhodes at quarterback, Ross and Melvin at halfbacks and Mace at fullback. Smith and Willis went in on defense.

**Parents Introduced**

Statistics show: First downs, Harrisburg 6, Benton 12; yards from scrimmage, Harrisburg 88, Benton 251, broken down into 63 rushing and 25 passing for Harrisburg and 199 rushing and 52 passing for Benton. Harrisburg completed two out of seven passes, Benton three out of eight. Harrisburg was penalized 15 yards, Benton 95.

It was Parents Night and parents of players were introduced with their sons. Injured players introduced were David Dalton, sophomore halfback, who had a broken leg, and Darrell Biggs, sophomore guard, who suffered a foot injury.

The band staged a nice Veterans Day program at halftime. The members spelled out the initials of the branches of service and played the service songs. Then they formed a large cross and Taps was played.

## County Historical Society Discusses Museum, Hears Reports on State Meeting

The November meeting of the Saline County Historical society was held in the Harrisburg public library Tuesday, Nov. 6, featuring a program and a display of old photographs.

Susan Bond played a piano solo, "My First Waltz," and James Bond played a solo, "Down in the Valley." They are children of Mr. and Mrs. James Bond of Galatia.

The discussion of a much-needed museum was centered around the urgent and immediate need. Various plans were suggested after which President Louis Aaron requested that the Museum committee meet early to review and evaluate the suggestions and plans made earlier and those made during the meeting.

Holiday house at Cairo is holding an open house later this month and the local society has been invited to attend.

#### Old Photographs Displayed

Two old photographs were on display. One, an Edison, having the cylinder type record, belongs to John B. Owens of Pankeyville. One record played by this machine was one of the famous "Uncle Josh" selections. The other machine, a Standard, was a later model, having a large horn to amplify the sound, and it used a disk record. This machine belongs to Paul Hatfield.

The Illinois State Historical society meeting, held at Chicago Oct. 12, was reported on by President Aaron and Mrs. Paul Hatfield, who with Mrs. Aaron and Mr. Hatfield attended the meeting. The principal address was "A Half Century of Medical Progress," by Dr. Morris Fishbein. Various society groups were taken on a tour of the city.

A trip over Chicago's beautiful drives and boulevards included Chicago Historical Museum, the Stephen A. Douglas tomb and monument, Oakwood cemetery, the site of the old Douglas Prison Camp, the site of the Haymarket Square riot, the palatial homes built in the elegant 80's and the gay 90's, the campus of Northwestern University, the site of the Columbian Exposition in 1893, and the many changed places noted by Mrs. Hatfield since her residence there while attending Hyde Park high school.

#### Traces Chicago History

Mr. Aaron's report traced part of Chicago's history from the first permanent home built on the almost exact spot where Wrigley Building now stands to the present city of 4,000,000 people. Camp Douglas prison camp during the Civil War was described as being worse than the infamous Andersonville prison camp in the south. The dead from here were buried in Oakwood cemetery where a large monument has been erected to their memory. When Lincoln park was organized, the dead from the city cemetery at that site were removed to Oakwood cemetery, also.

Stephen A. Douglas made his home on a 2.2 acre tract of land at 35th street near Lake Michigan. In the center of this tract stands a handsome tomb and monument of Douglas, Aaron stated.

Mrs. Hatfield reported on the old and newer buildings of the city. The castle-like architecture of the old city water tower, built in 1869, and which marked the northern limits of the 1871 great fire was described. The Century of Progress grounds of 1933 and '34 are now used as an airport. The Columbian Exposition grounds of 1893 have retained a few of its features. The Japanese tea houses

birth of the atom bomb there in 1942 and the tour of the university the groups made while there for the state meeting. The Prudential building at Randolph and Michigan was described as Chicago's tallest and one of its newer, beautiful ones.

The social hour was in charge of Mrs. Dick Davenport, Mrs. Pauline Purcell and Mrs. Carl Jones. Mrs. Louis Aaron assisted in serving delicious refreshments while the two olden photographs were played by John Foster and Mr. Hatfield, which added a lot to the enjoyment of the hour.
